%1 LQ Pool: Added to liquidity pool to support and maintain it.

## 3.Project Goals

### 3.1 Community Building

Evin Token aims to build a strong and active community in the crypto World. Various incentives and reward programs will be offered to increase community engagement and loyalty.

### 3.2 Global Growth

We aim to create a global community by bringing together users from around the World. With support in multiple languages and global marketing strategies, we aim to establish a worldwide presence.

## 4. Technology and Security

### 4.1 Blockchain Technology

Evin Token utilizes blockchain technology to provide secure and transparent transactions. All transactions and records are immutably stored on the blockchain.

### 4.2 Security Measures

Various security measures have been implemented to ensure the safety of user funds. These measures include two-factor authentication (2FA) and cold wallet storage.
